

ASPIRING LEADERSHIP COURSE

ASPIRE. LEARN. TRANSFORM. BECOME.

ASPIRE. LEARN. TRANSFORM. BECOME.

The Aspiring Leadership Course is an active-learning, game-based experience which will introduce you to key concepts of leadership fundamentals.

COURSE OVERVIEW

Research shows that game-based learning is one of the most effective methods for people to absorb and make sense of new concepts. By utilising such an approach our Aspiring Leadership Course gives new leaders a practical toolbox of skills to learn who they are, lead more effectively, and build high performing teams. Set over four fast-moving days of powerful insights, the Course is highly interactive, dynamic and focused on building a solid foundation of basic leadership skills.

Our Aspiring Leadership Course seeks to:

- introduce emerging leaders to the tools required to be a leader, including contemporary and culturally safe practices
- develop participants' skills, knowledge and confidence in building and motivating teams
- encourage aspiring leaders to explore and understand the challenges associated with change and conflict
- develop participants' emotional intelligence, resilience and ability to influence others

“This course was really important for my personal and professional development. I learnt so much and I am now less afraid of change.”

Bella Ndayikeze, BN Collective,
Aspiring Graduate, 2018

LEARNING OUTCOMES

The key outcomes of the Aspiring Leadership Course include (but are not exclusive to):

- identifying and developing personal leadership skills
- building effective teams
- understanding different communication styles and identifying how different people respond to different communication techniques
- understanding emotional intelligence, resilience and perception bias
- identifying personal values
- the impact of change and why people resist change

As the Course is highly interactive, specific topics are developed that are relevant to participants, rather than being generic.

Participants' leadership development will be acknowledged by a formal Record of Continuing Professional Development (RCPD).

“I would definitely recommend this course to others. I don't remember the last time I thoroughly enjoyed a training course like this.”

Lacey Holtfreter, Australian Electoral Commission,
Aspiring Graduate, 2018

“Other courses have tended to be formulaic and predictable. Aspiring had me surprised by how much learning I achieved with only writing a few notes here and there.”

Department of Communities Graduate, 2019

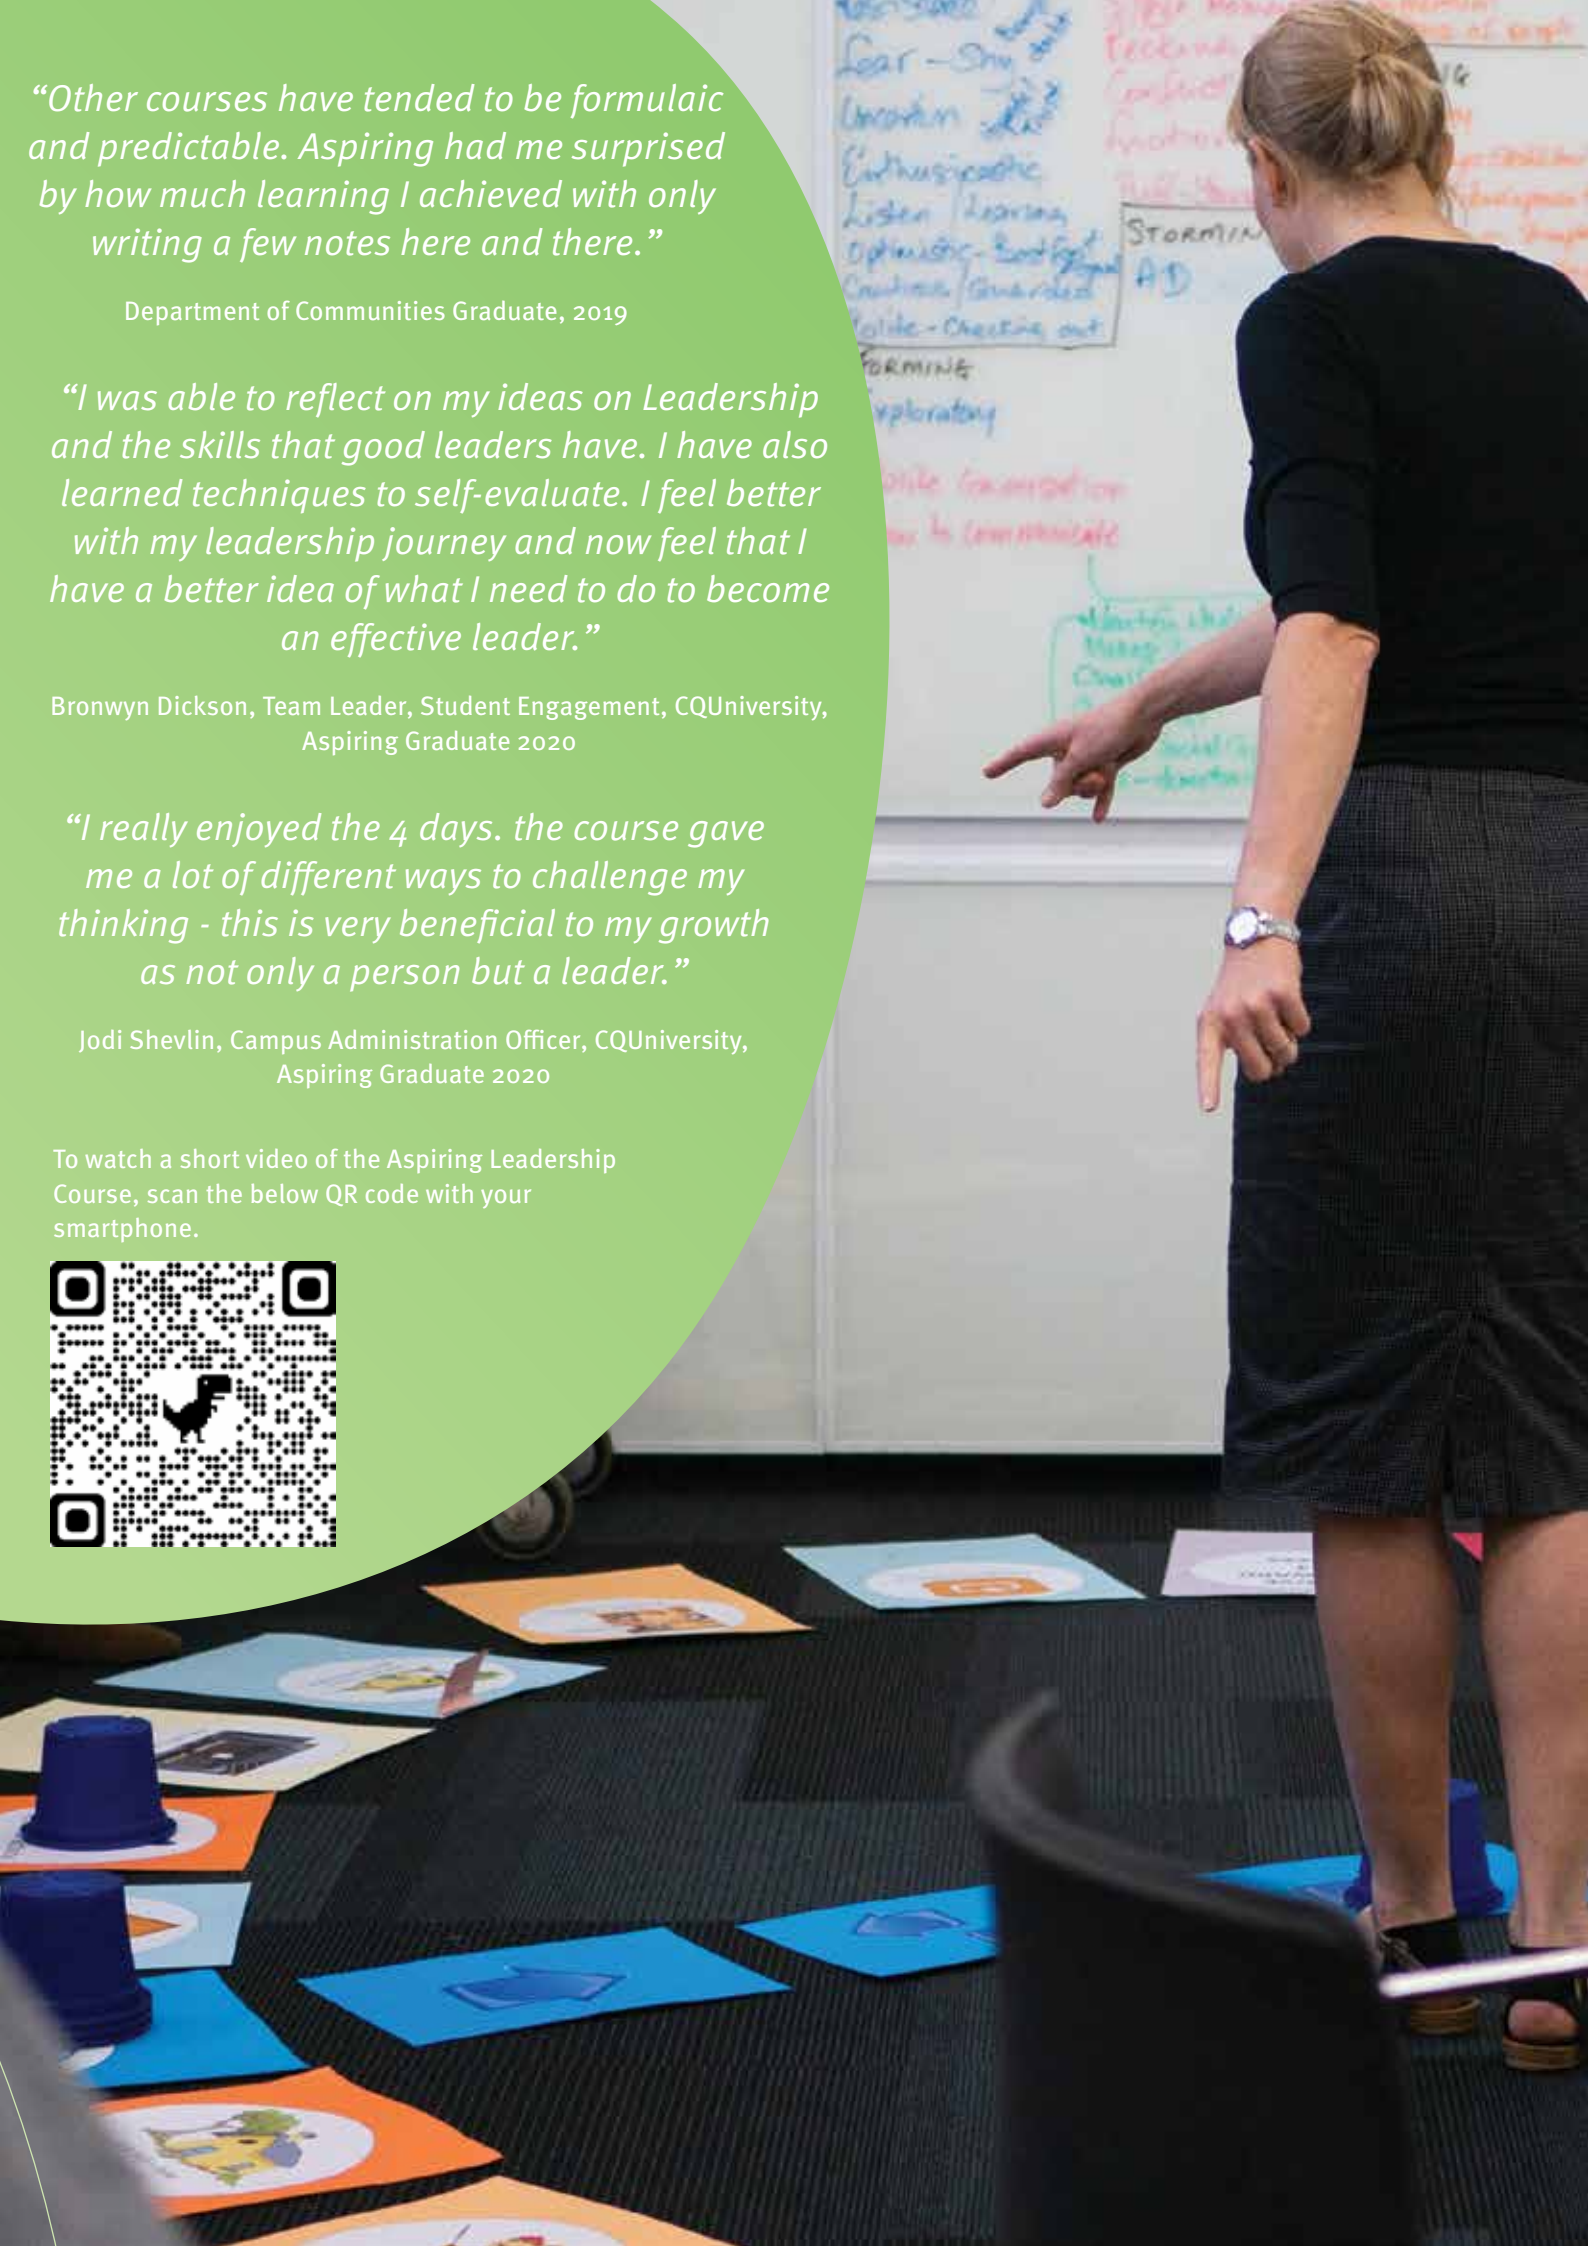

“I was able to reflect on my ideas on Leadership and the skills that good leaders have. I have also learned techniques to self-evaluate. I feel better with my leadership journey and now feel that I have a better idea of what I need to do to become an effective leader.”

Bronwyn Dickson, Team Leader, Student Engagement, CQUniversity,
Aspiring Graduate 2020

“I really enjoyed the 4 days. the course gave me a lot of different ways to challenge my thinking - this is very beneficial to my growth as not only a person but a leader.”

Jodi Shevlin, Campus Administration Officer, CQUniversity,
Aspiring Graduate 2020

WHO SHOULD ATTEND

The Aspiring Leadership Course is best suited to people looking to develop their leadership potential in a fun and interactive way – not by sitting in a chair and passively listening. This Course would be suitable for anyone who is aiming to boost their skills and knowledge prior to a new leadership role, or a refresher for an experienced leader who wants to ‘get back to the basics’.

“This course has made me more aware of my leadership style and how I can adapt to support members of my team based on how they would work best.”

Matilda Martin, Australian Red Cross,
Aspiring Graduate, 2018

TAILORED FOR YOUR NEEDS

If your team needs to address specific concerns, themes, or opportunities, we can shape the Course into a bespoke in-house experience which accommodates between 10 and 30 participants. This is a great way to build a more cohesive team, inspire leadership within and drive productivity. An in-house tailored Aspiring Leadership Course can be delivered over four consecutive days or can be split over 2 two-day sessions to accommodate operational need. Substantially reduced participant fees are available for larger groups of in-house Course delivery.

“As a consequence of attending Aspiring I have changed my life direction. It has given me the tools and skills to manoeuvre in the world with more confidence and clarity.”

Peter Farmer Jr., Aspiring Graduate, 2017

Cost: The cost of Aspiring is \$2,490 per person. This includes all course costs and GST.
