ENGAGE. EXPLORE. EXCEL. LEAD.

Leadership WA's Signature Leadership Program inspires and transforms leaders from private, public and not-for-profit sectors utilising an experience-based framework. Recognised as one of Australia's premier leadership programs, the Signature Leadership Program is an unmatched, life-changing developmental journey.

"The Signature Leadership Program is probably the best program I've ever done. It's an opportunity to really both question your own views of things, and be challenged with new ideas and new thoughts. There was a great energy. I built some really strong relationships with my cohort."

Ashley Reid CEO, Cancer Council WA

METHODOLOGY

The Signature Leadership Program is based around the world-renowned learning theory of Kolb’s Experiential Learning Matrix (1984, 2017) where participants explore experience-based learning and reflection on a constant basis.

Leadership WA also understands the importance of addressing the learning needs of the whole cohort through Kegan’s Adult Levels of Development. This approach ensures participants have a self-directed learner-centred journey.

WHO SHOULD APPLY

The Signature Leadership Program is for leaders keen to learn by experience which stretch and challenge them intellectually and personally. Participants develop a courageous, powerful, and authentic leadership style.

It is ideal for people who want to enhance their leadership capacity and generate positive impact in their organisations and the community. The Program cohort is specifically selected to include leaders from private, government, and not-for-profit sectors, ensuring a diverse range of experiences that reflect the makeup of our State. Our graduates gain and share wisdom on how to influence and responsibly impact the state and beyond.

“Leadership WA offers unique Programs that help individuals better understand themselves, the responsibility of leadership and the communities from which they benefit. I am thankful for the growth seen in our staff from completing the Signature Leadership Program.”

Nic Fairbank, CEO, Programmed
